

GOD IS ALL AROUND ME

Prelude: C - F 7^{1/2} - C - G

1. I know, GOD is` all around me, he`s in all things here on earth.
Man is also a part of him, disconnected by his birth,
born to experience all the stages of life and to find his true source,
to think, to act, to feel and to explore without regret and remorse.
If we just could consider it, there`s nothing else than GOD in various forms.
Then life would change, they would disappear, our hells, it would certainly break some norms.
If we only believed, we`re a part of the whole, just GOD in experience exists
as the only great soul, we could no longer raise our fists.
GOD grants exemption, creative power, he`s the source and the origin.
When we begin to call ourselves divine, then a better future will win.

2. I know GOD is all around me, he`s everything that is and will be, that exists.
In all things you can discover and see GOD`s greatness, nothing will be missed.
GOD, the only one, the Creator, who build up this vast universe,
is never limited, he is greater than his reputation here on earth.
GOD exists in tiniest particles , he is always present.
Everything he does is well thought out and carefully planned.
No atom remains rigid, inelastic, inflexible in one place.
Its properties are as fantastic as those of its large relatives in space.
Everything on earth is in motion, development is everywhere,
an expression of praise and devotion to GOD who had declared

3. I am who I am the first and the last in all things you perceive
I am the future,the present, the slow, the fast. If you could just believe,
well, you all are heaven`s children, all made out of pure energy,
walking towards the goal like pilgrims, felicity in eternity.
You have forgotten, you are creators endowed with power, intelligence, ideas,
you shall experience and reconnoiter all the wonders that appear.
Without fear and unrestrained build up, create whatever you want,
But may the memory remain, you are connected by a divine bond.
Everyone a single being, but an important part of the whole.
Everyone is selected to get back to the very last goal.
