2. GOD, you know our mistakes and weaknesses and you know that our actions and thoughts are not always crowned with charity. Our efforts often do not deserve awards. So give us, GOD, your assistance and guide us according to your plan, and let us bring a little light into the world as best as we can.

Chorus: GOD, let us face the day with confidence, give us insight, courage and trust to do whatever the day will bring and to create blessed hours for us.
